A photograph of an astronaut in a white spacesuit standing on the moon's surface. The astronaut's helmet visor is prominent, reflecting the lunar landscape and the Earth in the distance. The background shows the dark, cratered surface of the moon under a black sky.

For more than 80 years, NBC News has been documenting the people, places, and events that have shaped our world.

Now, for the first time, NBC Learn is making these resources available to teachers, students, and parents.
